

Olathe Fire Department

News Release

George Bentley, Fire Chief

GOT ALL HAZARDS RADIO?

For immediate release: Thursday, May 01, 2008

CONTACT: Rita Hoffman (913) 971-7943

(Olathe, Kan.) – A National Oceanic and Atmospheric Administration (NOAA) All-Hazards Radio is the fastest and most reliable way to receive information about community hazards and severe weather watches, warnings and advisories.

The Olathe Fire Department encourages every one to protect their family and home with a NOAA All-Hazards Radio. Project Community Alert, a metro program, makes these radios available at cost. Visit www.olatheks.org for details.

<p>Olathe's outdoor warning system is tested the first Wednesday of every month at 11 a.m. May's test is Wednesday, May 7.</p>
