IMPORTANT NOTICE
FIRE AND LIFE SAFETY RE-INSPECTION
COST RECOVERY FEES
EFFECTIVE JANUARY 1, 2009

As required in the Olathe Municipal Code (OMC) 16.12.010, Ordinance # 08-81 and effective January 1, 2009 the City of Olathe will begin assessing a cost recovery fee for Fire and Life Safety reinspections where noted violations have not been corrected prior to the reinspection.

Fee charges:

\$30.00/hour (1 hour minimum) at the first reinspection (2nd visit) if the violations have not been corrected.

\$50.00/hour (1 hour minimum) will be invoiced each time a follow-up reinspection occurs after the second visit.

In addition, at the 3rd reinspection, a **legal citation** may be issued to the business for any/all violations that have not been corrected.

After your initial inspection, you will have 14 days to correct any violations found. If you contact this office during this 14 day period and show violations have been corrected, you will not require a reinspection or be assessed a reinspection fee.

You may mail, fax, or email your supporting violation correction documentation to this office. The email address is fireinspections@olatheks.org. The documentation needs to reach this office within the 14 days after your initial inspection. You may also fax your documentation to 913-971-7954.

Contact the Olathe Fire Department, Community Risk Management Division at 913-971-6333 with any questions.
