

Auto Burglary

Theft from vehicles can occur anywhere including places where there are several vehicles such as shopping facilities, apartment complexes, gyms, churches, and restaurants and a single vehicle parked on a residential street.

Eliminate the opportunity for auto burglary:

- Lock your doors at all times, even if you plan to be away from your vehicle for only a minute.
- Do not leave anything you would not want taken within plain sight in your vehicle.
- Park in well light areas.
- Store your purchases in the trunk of your vehicle where they are out of sight.
- Store your valuable in a locker when you are at a gym facility.
- Maintain a “clutter free” vehicle.
- Remove your garage door opener if you park outside overnight.
- Disengage the built-in garage door opener in your car if you park outside overnight. Use the lock button on the device attached to your garage wall. Unlock the device when you are ready to use your garage door opener again.
