APPLICATION GUIDELINES FOR FOOTING/FOUNDATION ONLY PERMITS

Applications for Footing/Foundation permit will only be accepted on commercial sites.

Any grading/site preparation will be granted through our Public Works Department 913-971-9045. They will receive a copy with your submittal to us, but you must request a grading permit from them.

Foundation permit applications will be submitted with 2 sets of sealed site plans, erosion control plan, footing, foundation, elevations, and electrical, mechanical, plumbing underslab details, 2 soils reports and a CD or Flash drive of plans in PDF or TIF format.

Include a “Letter of Risk” signed by the permit holder and owner, releasing the City of Olathe from any liability, in the event at building permit issuance, the foundation or underslab is found to not be in compliance. (Any corrective measures will be the responsibility of the permit holder and owner.)

Approval will be required from Building Codes, Engineering, Stormwater, and Planning divisions before issuance.

The fees for a foundation permit are as follows:

Plan Review Fee: 30% of the permit fee

Permit Charge: .05 cents per square foot (foot print)

- Electrical: \$ 50.00
- Mechanical: \$ 50.00
- Plumbing: \$ 50.00
